Our City Gas Customers Become Eligible to Receive TLC Points for Their Monthly Usage Charges --TLC Membership Service Enhanced--

The TOKAI Group has expanded the scope of provision of TLC Points under the TLC Membership Service program provided to its customers from April 1, 2018. Under the new program, customers who use the Group's city gas service in combination with the Group's other services covered by the program will be awarded TLC Points according to the amount of monthly city gas charges.

The TOKAI Group, under its TLC (Total Life Concierge) vision of providing comprehensive support for its customers' lifestyles, will strive to contribute to more convenient and fulfilling lifestyles for its customers by offering a comprehensive lineup of various lifestyle products and services under a one-contract, one-stop, and one call center model, and strengthen its earnings capability by promoting cross-selling (multiple transactions) and expanding customer bases.

Overview of “TLC Membership Service”

TLC Membership Service was launched in December 2012 as a preferential measure toward customers of the TOKAI Group services. Under the TLC membership service program, customers are awarded the Company’s original TLC Points according to the amount of fees charged and the number of services used. Accumulated points can be used for the following:

- 1) Exchange for points of partner companies such as WAON, MI POINT, and Dot Money
- 2) Exchange for TLC Tickets which can be used for payments when shopping or dining at more than 1,000 partner stores and restaurants
- 3) Exchange for various products offered in renowned department stores
- 4) Payment of fees charged for TOKAI Group services including LP Gas and Aqua
- 5) Donation to various organizations

Number of members of the TLC Membership Service is 699,000 as of March 31, 2018.
