Expansion of Sales Area in the LP Gas Business

- Opening of a Sales Office in Kagoshima City, Kagoshima Prefecture -

TOKAI Corporation (Headquarters: Shizuoka City, Shizuoka Prefecture; President and CEO: Mitsugu Hamasaki; hereinafter "TOKAI"), a subsidiary engaged in the energy business including LP gas sales, has opened a new sales office in Kagoshima City, Kagoshima Prefecture, as part of its LP gas sales area expansion, effective August 1, 2024.

Our group is actively pursuing a strategy to expand our sales areas nationwide, leveraging our strong business foundations in Shizuoka and the Kanto region.

Currently, TOKAI's LP gas business has expanded its sales areas from the Tohoku-Sendai area in the north to the Kyushu-Kumamoto area in the south. In March of last year, we made our first entry into the Shikoku area by establishing a presence in Matsuyama City, Ehime Prefecture. At present, our LP gas business serves 750,000 customers across 18 prefectures.

We are pleased to announce the opening of our third sales office in the Kyushu area, located in Kagoshima City, Kagoshima Prefecture, and the start of its operations. Kagoshima City is a key location within the Kyushu area due to its large number of households and high LP gas penetration rate. We believe this expansion will create opportunities for more customers to utilize our group's products and services.

Moving forward, we will continue to actively provide products and services that contribute to solving regional and societal issues, striving to enhance customer satisfaction.
